**LINAK® information about Proposition 65**

As a responsible business partner and global leader within linear actuator systems, LINAK focuses on meeting customer expectations and requirements. We prioritise sustainability and corporate responsibility.

'Proposition 65' (the Safe Drinking Water and Toxic Enforcement Act of 1986) is a California law that requires businesses to provide clear and reasonable warnings to Californians about significant chemicals that cause cancer, birth defects, or other reproductive harm.

Should you require further information, the Proposition 65 list can be accessed at: <http://www.oehha.ca.gov/prop65>.

LINAK has partnered with a third-party compliance management partner. Throughout this cooperation, we are working downstream in our supply chain to obtain an overview of the listed substances present in our products. This is an ongoing process that requires extensive product and material reviews.

Following a thorough analysis of item specifications, as well as internal and external data gathering, LINAK has identified a number of products that contain Proposition 65 substances and may require a warning label when shipping to California.

A toxicological test has not been conducted to assess human exposure to these substances. Therefore, we recommend that our customers include a warning label on their products if a toxicological test has not been performed for their specific application.

If a label is required, it can appear as follows:

**Carcinogen or reproductive toxicant warning**

WARNING: This product can expose you to [name of one or more chemicals], a chemical [or chemicals] known to the State of California to cause [cancer] [birth defects or other reproductive harm]. For more information, go to [www.P65Warnings.ca.gov/product](http://www.P65Warnings.ca.gov/product).

**Warnings for cancer and reproductive toxicity**

WARNING: This product can expose you to chemicals including [name of one or more chemicals], which is [are] known to the State of California to cause cancer, and [name of one or more chemicals], which is [are] known to the State of California to cause birth defects or other reproductive harm. For more information, go to [www.P65Warnings.ca.gov](http://www.P65Warnings.ca.gov).

LINAK is committed to providing value to all its customers. Should you require further information regarding substances in specific products to meet your labelling requirements for Proposition 65, please contact [chemicalcompliance@linak.com](mailto:chemicalcompliance@linak.com).

Please be advised that the processing time for responses to these types of requests may be extended if the product in question has not been previously investigated.

Best regards  
LINAK A/S

Peter Petersen  
Corporate Senior Manager, Supplier Quality

**Appendix:**

The information below is not exhaustive, but it provides sufficient details to issue the correct warning on products sold in the state of California. The exposure level of the substances has not been evaluated.

<b>Product type</b>	<b>Substance</b>	<b>CAS No.</b>	<b>Cause of listing</b>	<b>Date listed</b>
Linear actuators	Lead and lead compounds	7439-92-1	Reproductive Toxicity Cancer	02/27/1987 and 10/01/1992
	Toluene	108-88-3	Reproductive Toxicity	01/01/1991
	n-hexane	110-54-3	Reproductive Toxicity	12/15/2017
	Antimony trioxide	1309-64-4	Cancer	10/01/1990

<b>Product type</b>	<b>Substance</b>	<b>CAS No.</b>	<b>Cause of listing</b>	<b>Date listed</b>
Lifting columns	Lead and lead compounds	7439-92-1	Reproductive Toxicity Cancer	02/27/1987 and 10/01/1992
	Toluene	108-88-3	Reproductive Toxicity	01/01/1991
